SUMMARY

Operations Product Manager driving inventory visibility, forecasting, and fulfillment through custom automation and multi-warehouse systems. Expert in cross-functional execution, workflow optimization, and operational tooling that improves supply chain scalability and reliability.

CORE SKILLS

Product Strategy • Roadmap Strategy • Operational Automation

TECHNICAL TOOLS

Python • SQL • Power BI • Databricks • Streamlit • OpenAI APIs • Azure • SQLite • Jira • Confluence

EXPERIENCE

LITET

Technical Product & Analytics Lead | 2023 - Present

- Built centralized inventory visibility system integrating local warehouses, Amazon FBA, AWD, and five distributors, improving fulfillment coordination and reducing inconsistencies across multi-channel operations.
- Built lightweight internal systems using Python and SQLite to automate inventory, forecasting, and fulfillment workflows, scaling SKU management from 9 to 15 without ERP investment.
- Built multi-warehouse inventory forecasting platform using Python to convert bundle sales into unit demand, improving inventory rotation from 1x to 4x and enabling proactive replenishment planning across fulfillment environments.

REGAL REXNORD

Account Executive — Data-Driven Sales | January 2014 - December 2016

- Provided technical and operational support for industrial applications, enhancing reliability and strengthening relationships with strategic manufacturing accounts including Disney and Universal.
- Coordinated forecasting and inventory planning with distributors and industrial customers to align product availability with maintenance schedules, enhancing operational readiness across Central/North Florida and South Georgia.
- Delivered monthly technical training to 30+ customer and distributor teams, improving product adoption and supporting operational efficiency through tailored industrial enablement programs.

LUGO HERMANOS

Branch Manager & Product Manager (Linear Motion) | January 2011 - January 2014

- Secured exclusive THK distribution rights in Colombia by leading vendor negotiations, technical training, and inventory planning, establishing a 15+ year strategic partnership and expanding market presence.
- Owned pricing, forecasting, and inventory coordination for 1000+ SKUs in industrial motion product lines, driving supplier alignment and technical support to improve availability and support automation growth.
- Built and scaled a 12-person industrial branch, managing sales, operations, and warehouse teams to exceed revenue targets by 15% and achieve profitability within 12 months.

EMERSON ELECTRIC

Product Manager — Analytics & API Platforms | December 2016 - February 2022

- Defined MVP roadmap prioritizing summary telemetry analytics covering 80% of enterprise needs, reducing custom solutions to 1% and improving platform scalability and development efficiency.
- Orchestrated analytics and API roadmap prioritization by aligning executive, engineering, and customer input to balance scalability with enterprise needs and enhance platform growth.
- Prioritized and simplified REST API integrations, boosting enterprise adoption by 35% and enhancing onboarding for IoT telemetry analytics platforms at Emerson Electric.

EDUCATION

FLORIDA INTERNATIONAL UNIVERSITY

Master of Business Administration (MBA) | 2018

FLORIDA INTERNATIONAL UNIVERSITY

Bachelor of Science (BS) in Mechanical Engineering | 2010
