EXPERIENCE

LITET

Technical Product & Analytics Lead | 2023 - Present

- Built AI-powered analytics agents using OpenAI APIs to automate sales reporting and PPC optimization, reducing manual effort by 80% and enabling daily KPI monitoring across e-commerce platforms.
- Built AI-powered multi-warehouse inventory forecasting platform integrating Amazon FBA, AWD, and SKU bundling, increasing inventory rotation from 1x to 4x and enabling proactive replenishment planning.
- Built a centralized inventory visibility platform integrating Amazon, Shopify, five distributors, and warehouses to reduce inconsistencies and improve fulfillment coordination across multi-channel operations.

EMERSON ELECTRIC

Product Manager — Analytics & API Platforms | December 2016 - February 2022

- Defined MVP roadmap prioritizing summary telemetry analytics covering 80% of enterprise customer needs, reducing custom solutions to 1% and improving platform scalability and development efficiency.
- Built Python and Azure ETL workflows to standardize inconsistent IoT telemetry and trip data, improving data quality, enabling scalable analytics, and reducing manual cleansing efforts.
- Orchestrated customer-driven roadmap prioritization with executives and engineers, aligning analytics and API platform development to enterprise needs and scaling product impact.

CHAMBERLAIN GROUP

Software Product Manager | June 2022 - October 2023

- Coordinated cross-functional teams across software, firmware, hardware, UX, and analytics to align feature planning and delivery for the MyQ IoT platform, enabling expanded device integrations and improved product execution.
- Built executive KPI dashboards integrating onboarding, engagement, and IoT device metrics for 100+ communities and 600+ users, enabling VP-level roadmap prioritization and platform performance monitoring.
- Owned and prioritized the MyQ Community platform roadmap, applying Agile and RICE methods to coordinate frontend, backend, and QA teams, improving sprint delivery and backlog efficiency on two-week cycles.

REGAL REXNORD

Account Executive — Data-Driven Sales | January 2014 - December 2016

- Supported technical product selection and operational planning for industrial systems, strengthening relationships with strategic accounts including Disney and Universal to improve manufacturing reliability.
- Coordinated maintenance-driven demand forecasting with distributors and customers, aligning inventory availability to operational schedules and improving readiness across Central/North Florida and South Georgia territories.

LUGO HERMANOS

Branch Manager & Product Manager (Linear Motion) | January 2011 - January 2014

- Secured exclusive THK distribution rights for Colombia by leading technical training, inventory planning, and vendor negotiations, establishing a 15+ year strategic partnership and expanding market positioning.
