SUMMARY

Senior Product Manager with extensive experience managing complex industrial product portfolios and leading cross-functional teams to drive operational excellence. Skilled in data-driven forecasting, inventory optimization, and automation of supply chain workflows. Proven ability to influence product roadmaps and commercial strategies through customer insights and stakeholder collaboration in regulated industrial environments.

CORE SKILLS

Product Strategy • Roadmap Strategy • Customer Discovery • Operational Automation

TECHNICAL TOOLS

Python • SQL • Power BI • Databricks • Streamlit • OpenAI APIs • Azure • SQLite • Jira • Confluence

EXPERIENCE

LUGO HERMANOS

Branch Manager & Product Manager (Linear Motion) | January 2011 - January 2014

- Built and scaled a 12-person industrial sales branch, managing operations, warehouse, and commercial workflows to exceed revenue targets by 15% and achieve profitability within 12 months.
- Secured exclusive THK distribution rights in Colombia by leading vendor negotiations, technical training, and inventory planning, establishing a 15+ year strategic partnership and expanding industrial product market presence.
- Managed 1000+ SKU industrial motion product portfolio, owning pricing, bi-monthly forecasting, supplier coordination, and technical support to improve availability and support automation product growth.

LITET

Technical Product & Analytics Lead | 2023 - Present

- Built centralized inventory visibility system integrating warehouses, Amazon FBA, AWD, distributor consignments, and direct fulfillment, reducing inconsistencies and improving multi-channel supply chain coordination.
- Built multi-warehouse inventory forecasting platform converting bundle sales into unit demand, boosting inventory rotation 4x and enabling proactive replenishment across fulfillment environments.
- Built custom Python-based operational tooling to automate inventory, forecasting, and fulfillment workflows, enabling SKU growth from 9 to 15 and scaling operations without ERP investment.

EMERSON ELECTRIC

Product Manager — Analytics & API Platforms | December 2016 - February 2022

- Influenced analytics and API product roadmap by leading cross-functional customer discovery and prioritization, aligning executive strategy with scalable platform development and customer requirements.
- Defined and prioritized MVP roadmap for telemetry analytics platform, delivering summary reports covering 80% of customer needs while reducing custom solutions to 1%, improving scalability and development efficiency.
- Built Python and Azure ETL workflows to standardize enterprise IoT telemetry data, improving data quality, enabling scalable analytics, and reducing manual cleansing efforts.

REGAL REXNORD

Account Executive — Data-Driven Sales | January 2014 - December 2016

- Coordinated forecasting and inventory planning with distributors and industrial customers to align product availability with maintenance schedules, enhancing operational readiness and maintenance planning across Central/North Florida and South Georgia.
- Provided technical and operational support for industrial applications, enhancing reliability and strengthening strategic manufacturing relationships with key accounts including Disney and Universal.

CHAMBERLAIN GROUP

Software Product Manager | June 2022 - October 2023

- Owned and prioritized the MyQ Community platform roadmap, implementing RICE-based Agile backlog planning and coordinating cross-functional teams to improve sprint delivery and feature completion every two weeks.

EDUCATION

FLORIDA INTERNATIONAL UNIVERSITY

Master of Business Administration (MBA) | 2018

FLORIDA INTERNATIONAL UNIVERSITY

Bachelor of Science (BS) in Mechanical Engineering | 2010
