SUMMARY

Product manager with experience owning end-to-end API and data platform integration roadmaps that unify multi-channel fulfillment environments, driving operational visibility and reliability. Skilled at partnering with engineering and customers to define data contracts and deliver AI-enabled workflows supporting scalable retail solutions.

CORE SKILLS

Product Strategy • APIs • Roadmap Strategy • Operational Automation

TECHNICAL TOOLS

Python • SQL • Power BI • Databricks • Streamlit • OpenAI APIs • Azure • SQLite • Jira • Confluence

EXPERIENCE

LITET

Technical Product & Analytics Lead | 2023 - Present

- Developed a centralized inventory management platform integrating local warehouses, Amazon FBA, AWD, distributor consignments, and direct fulfillment, eliminating fragmented workflows and improving inventory consistency.
- Designed and implemented lightweight internal operational systems using Python and Streamlit, enabling scalable inventory and fulfillment coordination without reliance on ERP solutions.
- Collaborated with cross-functional teams to define data contracts and negotiate scope for multi-channel inventory tracking, enhancing fulfillment coordination across five distributor channels.
- Created AI-powered workflows using OpenAI APIs to automate sales and PPC analysis, reducing manual reporting effort by 80% and accelerating operational decision-making.

EMERSON ELECTRIC

Product Manager — Analytics & API Platforms | December 2016 - February 2022

- Collaborated with executives, engineering, and customers to align API and analytics roadmap priorities, enhancing platform scalability and executive insight into customer needs.
- Balanced custom telemetry requests with scalable platform development by synthesizing customer interviews into reusable capabilities, reducing custom solutions to 1% while covering 80% of customer needs.
- Established MVP scope focusing on summary-level reporting and high-frequency requirements, accelerating delivery and minimizing custom development by 99%.
- Simplified enterprise REST API integrations and improved onboarding, driving a 35% increase in API adoption and expanding platform usage.

LUGO HERMANOS

Branch Manager & Product Manager (Linear Motion) | January 2011 - January 2014

- Negotiated exclusive THK distribution rights for Colombia by developing technical training and inventory commitments, establishing a 15+ year strategic vendor partnership and expanding market presence in linear motion.

CHAMBERLAIN GROUP

Software Product Manager | June 2022 - October 2023

- Coordinated cross-disciplinary teams across software, firmware, hardware, UX, and analytics to establish unified execution plans and clarify dependencies, enhancing delivery alignment for connected-device platform initiatives.

EDUCATION

FLORIDA INTERNATIONAL UNIVERSITY

Master of Business Administration (MBA) | 2018

FLORIDA INTERNATIONAL UNIVERSITY

Bachelor of Science (BS) in Mechanical Engineering | 2010
