SUMMARY

Product manager with hands-on experience building integrated multi-warehouse inventory and order management platforms that unify fulfillment channels and optimize replenishment workflows, driving improved operational visibility and measurable efficiency gains in multi-channel e-commerce environments.

CORE SKILLS

Product Strategy • APIs • Agile Delivery • Roadmap Strategy • Customer Discovery • Operational Automation

TECHNICAL TOOLS

Python • SQL • Power BI • Databricks • Streamlit • OpenAI APIs • Azure • SQLite • Jira • Confluence

EXPERIENCE

LITET

Technical Product & Analytics Lead | 2023 - Present

- Developed a centralized inventory management platform integrating local warehouses, Amazon FBA, AWD, and distributor consignments, eliminating fragmented workflows and reducing inventory errors by 100%.
- Created a multi-warehouse forecasting and replenishment system that improved inventory rotation from 1x to 4x by converting bundle sales into accurate demand signals and aggregating stock across fulfillment channels.
- Automated purchase order planning incorporating SKU reorder points, vendor lead times, and MOQ optimization, enhancing replenishment accuracy and streamlining vendor coordination.
- Conducted over 20 customer interviews and iterative product testing to validate product-market fit, refining design, pricing, and positioning that supported successful adoption and review growth.

EMERSON ELECTRIC

Product Manager — Analytics & API Platforms | December 2016 - February 2022

- Collaborated with executives and engineering teams to prioritize analytics and API roadmap features, enhancing alignment with customer requirements and improving executive insight into platform needs.
- Synthesized diverse customer requests into scalable product capabilities, reducing custom development by 99% and increasing roadmap focus on reusable analytics features.
- Identified common workflow patterns through customer discovery sessions, converting one-off reporting demands into standardized platform functionalities that expanded adoption and streamlined product strategy.

LUGO HERMANOS

Branch Manager & Product Manager (Linear Motion) | January 2011 - January 2014

- Negotiated and secured exclusive THK distribution rights for Colombia by developing technical training and inventory commitments, establishing a 15+ year strategic vendor partnership and expanding market presence in linear motion products.
- Launched and scaled a new industrial sales branch, building a 12-person team and coordinating operations to achieve profitability within 12 months and exceed revenue targets by 15%.
