SUMMARY

Senior Product Manager with experience building AI-enabled workflows that automate marketplace operations and improve expectation alignment and conflict resolution. Combines technical fluency and cross-functional collaboration to enhance service delivery quality and AI-driven decision support.

CORE SKILLS

Product Strategy • APIs • Operational Automation

TECHNICAL TOOLS

Python • SQL • Power BI • Databricks • Streamlit • OpenAI APIs • Azure • SQLite • Jira • Confluence

EXPERIENCE

LITET

Technical Product & Analytics Lead | 2023 - Present

- Developed AI-powered analytics agents integrating sales, advertising, and inventory data, reducing manual reporting effort by 80% and enabling daily performance monitoring.
- Created centralized inventory management and tracking systems consolidating local warehouses, Amazon FBA, AWD, and distributor consignments, eliminating fragmented workflows and improving consistency.
- Designed AI-assisted PPC optimization workflows combining Python calculations with OpenAI-generated recommendations, enhancing keyword prioritization and bid decision-making.
- Built internal operational platforms using Streamlit and Hugging Face Spaces to streamline inbound and outbound inventory processes, achieving 100% reduction in inventory errors.

EMERSON ELECTRIC

Product Manager — Analytics & API Platforms | December 2016 - February 2022

- Collaborated with executives, engineers, and customers to prioritize analytics and API roadmap features, enhancing alignment between platform scalability and user needs.
- Developed ETL workflows to standardize inconsistent telemetry data, improving data quality and enabling scalable analytics processing.
- Synthesized diverse customer requirements into scalable platform capabilities, reducing custom development requests to 1% while covering 80% of customer needs.
- Established MVP scope focused on reusable analytics features, accelerating delivery and maintaining platform scalability amid customization pressures.

LUGO HERMANOS

Branch Manager & Product Manager (Linear Motion) | January 2011 - January 2014

- Negotiated and secured exclusive THK distribution rights for Colombia by developing technical training programs and coordinating inventory commitments, establishing a 15+ year strategic vendor partnership.
- Facilitated technical collaboration between THK, Thomson engineering teams, and industrial customers to enhance application support and strengthen vendor relationships.

REGAL REXNORD

Account Executive — Data-Driven Sales | January 2014 - December 2016

- Delivered monthly technical training to over 30 customer and distributor teams, enhancing product understanding and adoption through focused sessions on installation, lubrication, and ROI analysis.
