SUMMARY

Product manager with hands-on experience building scalable, data-driven SaaS platforms by translating complex customer workflows into prioritized roadmaps. Skilled in customer discovery and cross-functional collaboration to deliver AI-enabled analytics and operational tools that drive growth in fast-paced environments.

CORE SKILLS

Product Strategy • APIs • Forecasting Systems • Roadmap Strategy • Operational Automation

TECHNICAL TOOLS

Python • SQL • Power BI • Databricks • Streamlit • OpenAI APIs • Azure • SQLite • Jira • Confluence

EXPERIENCE

EMERSON ELECTRIC

Product Manager — Analytics & API Platforms | December 2016 - February 2022

- Synthesized diverse customer requirements into scalable telemetry analytics features, prioritizing reusable capabilities that covered 80% of needs while reducing custom development requests to 1%.
- Shaped product roadmap by balancing executive, engineering, and customer priorities, improving alignment and accelerating delivery of API and analytics platform enhancements.
- Defined MVP scope focusing on summary-level reporting and common workflows, enabling faster product launches and generating over \$200K in new revenue from customer-facing analytics.
- Boosted enterprise API adoption by 35% through targeted improvements in integration simplicity and onboarding, expanding platform usage and customer satisfaction.

LITET

Technical Product & Analytics Lead | 2023 - Present

- Developed AI-powered analytics agents integrating sales and advertising data to automate reporting and PPC bid analysis, cutting manual effort by 80% and enabling daily KPI monitoring across multiple marketplaces.
- Created lightweight internal operational tools to replace ERP systems, improving inventory and fulfillment workflows and supporting SKU growth from 9 to 15 without additional enterprise software investment.

CHAMBERLAIN GROUP

Software Product Manager | June 2022 - October 2023

- Prioritized and refined the MyQ Community platform roadmap using a RICE-based framework, enhancing sprint planning and aligning product, engineering, and support teams around clear feature delivery goals.
- Streamlined backlog management and sprint execution for customer-facing features by coordinating cross-functional teams, resulting in improved feature completion within two-week Agile cycles.

EDUCATION

FLORIDA INTERNATIONAL UNIVERSITY

Master of Business Administration (MBA) | 2018

FLORIDA INTERNATIONAL UNIVERSITY
