SUMMARY

Product manager with experience translating AI/ML and telemetry data into scalable enterprise analytics platforms. Skilled in customer discovery, roadmap ownership, and cross-functional collaboration to deliver widely adopted, revenue-generating AI-enabled products.

CORE SKILLS

Product Strategy • APIs • Forecasting Systems • Agile Delivery • Roadmap Strategy • Customer Discovery • Operational Automation

TECHNICAL TOOLS

Python • SQL • Power BI • Databricks • Streamlit • OpenAI APIs • Azure • SQLite • Jira • Confluence

EXPERIENCE

EMERSON ELECTRIC

Product Manager — Analytics & API Platforms | December 2016 - February 2022

- Collaborated with executives, engineers, and key customers to prioritize API and analytics roadmap features, enhancing alignment between scalable platform development and customer needs.
- Synthesized diverse customer telemetry requirements into reusable platform capabilities, reducing custom development requests to 1% while covering 80% of common workflows.
- Defined MVP scope emphasizing summary-level telemetry analytics, balancing customer demands with scalability to accelerate delivery and improve product focus.
- Increased enterprise API adoption by 35% through targeted enhancements simplifying integrations and onboarding for telemetry data platforms.

CHAMBERLAIN GROUP

Software Product Manager | June 2022 - October 2023

- Introduced a RICE-based prioritization framework for the MyQ Community platform, enhancing roadmap transparency, sprint planning, and stakeholder alignment across product, engineering, and support teams.
- Coordinated cross-functional execution plans among software, firmware, hardware, UX, analytics, and QE teams, improving delivery alignment and enabling expanded IoT device integrations.

LITET

Technical Product & Analytics Lead | 2023 - Present

- Developed Python-based AI workflows integrating sales, advertising, and inventory data to automate reporting and decision support, cutting manual analysis time by 80% and enabling daily KPI monitoring.
- Conducted over 20 customer interviews and iterative testing cycles to refine product design and pricing, improving product-market fit and supporting successful adoption and positive reviews.

EDUCATION

FLORIDA INTERNATIONAL UNIVERSITY

Master of Business Administration (MBA) | 2018

FLORIDA INTERNATIONAL UNIVERSITY

Bachelor of Science (BS) in Mechanical Engineering | 2010
