SUMMARY

Senior Product Manager with proven leadership in enterprise analytics and AI-enabled workflows, having launched scalable telemetry analytics products generating \$200K+ revenue. Experienced in roadmap ownership and building AI-driven automation tools, positioned to accelerate customer data product initiatives.

CORE SKILLS

Product Strategy • AI Product Management • LLM Applications • Forecasting Systems • Agile Delivery • Roadmap Strategy • Operational Automation

TECHNICAL TOOLS

Python • SQL • Power BI • Databricks • Streamlit • OpenAI APIs • Azure • SQLite • Jira • Confluence

EXPERIENCE

EMERSON ELECTRIC

Product Manager — Analytics & API Platforms | December 2016 - February 2022

- Launched a telemetry-based analytics product that generated over \$200K in new revenue and established a repeatable offering for customer reporting needs.
- Defined MVP scope prioritizing summary-level telemetry reporting, covering 80% of customer requirements while reducing custom development requests to 1%.
- Synthesized customer interviews into scalable platform capabilities, balancing customization demands with roadmap focus to improve delivery efficiency.
- Developed ETL workflows to normalize and process inconsistent telemetry data, enhancing data quality and supporting scalable analytics reporting.

LITET

Technical Product & Analytics Lead | 2023 - Present

- Developed AI-powered analytics agents that automated sales reporting and PPC bid analysis, reducing manual effort by 80% and enabling daily monitoring of operational KPIs across Amazon and Shopify channels.
- Created AI-assisted PPC optimization workflows combining Python calculations with OpenAI-generated recommendations, improving decision consistency and scaling keyword prioritization to target a 20% TACOS benchmark.

INDEPENDENT AI & PRODUCT CONSULTING

AI Product Consultant | 2026 - Present

- Reduced technical search time from 20 to 5 minutes by developing a retrieval-augmented generation knowledge assistant that centralized product documentation and enabled 90% self-service completion for sales and product teams.

CHAMBERLAIN GROUP

Software Product Manager | June 2022 - October 2023

- Prioritized and delivered MyQ Community platform features using RICE methodology, improving sprint completion and backlog efficiency across frontend, backend, and QE teams.

- Coordinated cross-disciplinary planning among software, firmware, hardware, UX, analytics, and QE teams, enhancing delivery alignment and enabling expanded IoT device integrations.

EDUCATION

FLORIDA INTERNATIONAL UNIVERSITY

Master of Business Administration (MBA) | 2018

FLORIDA INTERNATIONAL UNIVERSITY

Bachelor of Science (BS) in Mechanical Engineering | 2010
